**Your AREA CODE is 704**

Corrected Through
October 8, 1993

Many people all over the United States and Canada can now dial direct to your telephone. To make it easier to reach you, give them your Area Code "704" when leaving your number.

It is necessary to dial the area code on <u>every</u> long distance call made, including long distance calls within the 704 area.

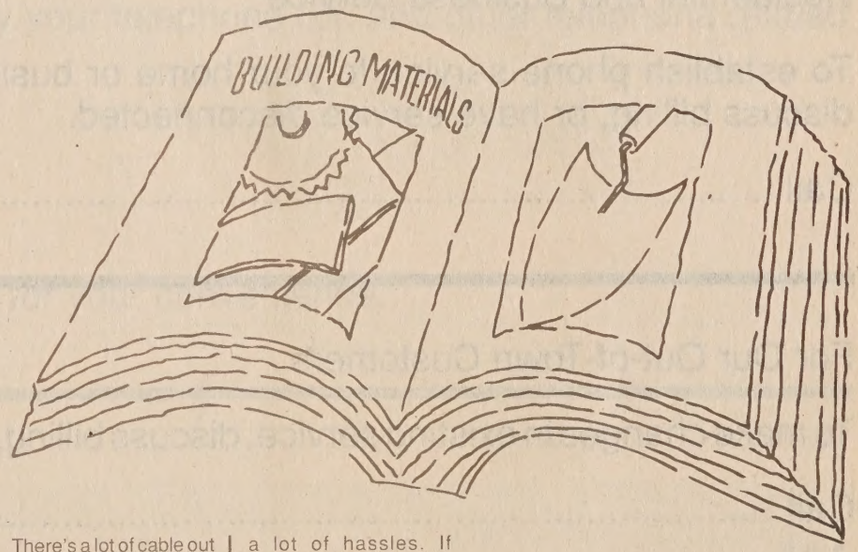
# CONSTRUCTION TOOL.



There's a lot of cable out there and we can tell you where it's buried. Just give us at least 48 hours to check it out. We want to save us both a lot of hassles. If necessary, we'll come to your digging site and mark out where the cables are. We'll do anything we can to help!

**Citizens Telephone Company**

Before you start any construction that involves excavation, we'll give you the location of all underground cable in your digging area. All it takes is a phone call to:

**Call 1 + 800 632-4949**

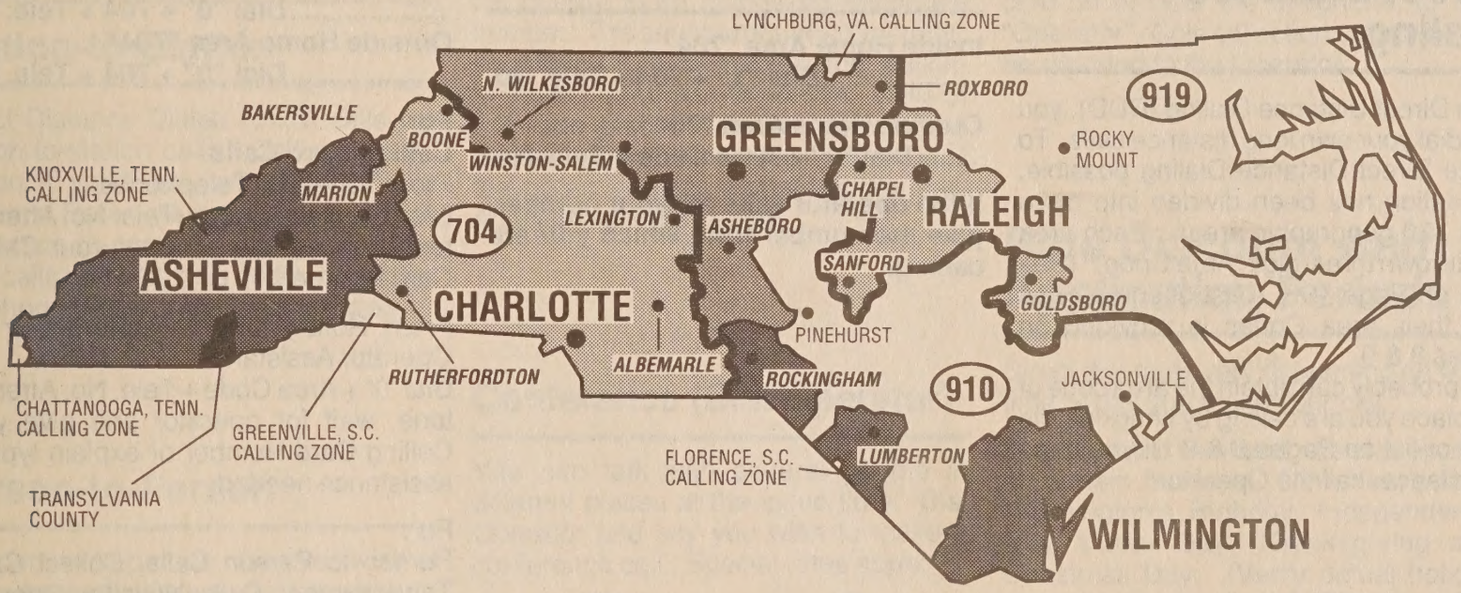
# Calling Zones

**Calling Zones are also referred to as Local Access and Transport Areas (LATA's).**
**Transylvania County is in the Asheville Calling Zone.**
This map shows the boundaries of all North Carolina Calling Zones.



Citizens Telephone Company provides complete calling services, both local and long distance, within the Asheville Calling Zone.

Long distance calling to points outside your Calling Zone is provided by long distance companies, not Citizens Telephone Company. For names of those companies that provide long distance service outside your Calling Zone and which have identified themselves to us at the time of the publication of this directory, please consult the Yellow Pages. We are unable to provide rates between Calling Zones because they are established by the company providing the service, and are subject to change.

## Asheville Calling Zone prefix-codes

Here is a list of the prefix codes (the first three digits of a telephone number) included in your Calling Zone. Calls to these offices are long distance, except for those designated as being in your local calling area. See Page 4.

| Location | Prefix Code |
|---|---|
| Andrews | 321 |
| Arden | 684, 687 |
| Asheville | 240, 251, 252, 253, 254, 255, 257, 258, 259, 260, 274, 298, 299 |

# Long Distance

**Your area code is 704**

## Direct Distance Dialing

With Direct Distance Dialing (DDD), you can dial your own long distance calls. To make Direct Distance Dialing possible, the nation has been divided into more than 120 geographic areas. Each area has its own three-digit "Area Code." (See map on Page 10.) A list of some cities and their Area Codes is provided on Pages 8 & 9.
You probably can obtain the area code of the place you are calling by checking the map or list on Pages 8 & 9. If you need assistance, call the Operator.

**From All Telephones (Except Pay Telephones)**

**Direct Dial "1" + Calls–Lowest Rates**

**Inside Home Area "704"**
**.....Dial "1" + 704 + Tele. No.**

**Outside Home Area "704"**
**.....Dial "1" + Area Code + Tele. No.**

**If the operator asks for your number, give the number from which you are calling.**

**Direct Dial "0" + Calls–Highest Rates**

**Inside Home Area "704"**
**.....Dial "0" + 704 + Tele. No.**
**Outside Home Area "704"**
**.....Dial "0" + 704 + Tele. No.**

**For:**
**Calling Card Calls–**
From Tone-Dial Telephones–
Dial "0" + Area Code + Tele. No. After the tone, use the dial to enter your Calling Card Number.

From Rotary Dial Telephones or for Operator Assistance–
Dial "0" + Area Code + Tele. No. After the tone, wait for operator and give your Calling Card Number or explain type of assistance needed.

For:
Person to Person Calls, Collect Calls, Third-Number Calls–Wait for Operator and tell Operator what type call you wish to make.

## Operator Assistance

If you do not wish to dial your call direct or need Operator assistance:

**Inside your Calling Zone, Dial "0" (See Page 5)**

**Outside your Calling Zone, Dial "00"**

Examples of Operator assistance calls:

Emergency interrupt
Busy line verification
(a service charge may apply for emergency interrupt and busy line verification)
Rates, area codes, credit for misdialed calls, disconnected calls, or poor connection.
Conference Calls

## Pay Telephones

**Follow directions on Instruction Card.**

Not all pay telephones are owned and operated by Citizens Telephone Company.

Please direct questions about service or refunds to the company listed on the pay telephone instruction card.

# Long Distance

## Types Of Long Distance Calls

### Station-to-Station

Direct Distance Dialed (DDD) calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. Rates are normally lower than for person-to-person, collect and calling card calls and charging begins when the telephone you've called is answered.

### Person-to-Person

Call person-to-person when you wish to talk with a particular person or extension. Tell the Operator you wish to make a "person-to-person" call and give the Area Code for the city you want, the telephone number, and the name of the person you are calling. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

### Calling Card Calls

A Telephone Calling Card is a convenient way of making Long Distance Calls when you're traveling for personal or business reasons. Calling Card calls are the least expensive form of Operator Assisted calls.

### Collect

You can call "collect" if the person or firm you're calling agrees to pay the charge. If you want to make a "collect" call, tell the Operator and give the Area Code for the city you want and the telephone number. Rates are normally higher than for station-to-station calls.

### Bill to the Third Number

Customers may place calls and transfer the charge to an authorized telephone number. This service requires "Operator" assistance. The call may be either station-to-station or person-to-person. Calls of this type placed from pay telephones cannot be completed unless someone at the billing number authorizes the call. Additional charges apply.

### Conference (Dial Operator)

You can talk with several people in different places at the same time. Dial Operator and say you wish to make a conference call. Special rates apply.

### Inward WATS/800 Service

Station-to-station Long Distance calls may be made without charge to you to those customers who have inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial "1" + 800 + the telephone numbers of customers with this service. To reach Directory Assistance for Inward WATS/800 dial 1 + 800 555-1212.

### Time and Charges

Customers, when placing calls, may request from the "Operator" the amount of time charged to the call and the costs associated with the call.

### Coin Calls

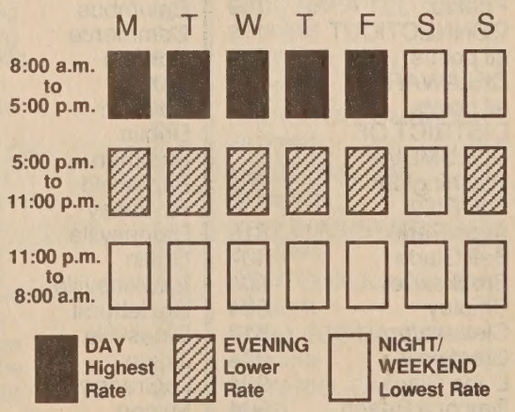
From coin telephones, see the instruction card on or near the telephone, or dial "Operator". Coin collection errors should be reported to the Operator.

## Rate Discount And Application Periods

Direct dial rates vary depending on what time of day you make your call.

The night and weekend rate also applies on certain holidays: New Year's Day, Washington's Birthday, Independence Day, Labor Day, Thanksgiving and Christmas Day. (Verify actual holiday calendar day by dialing Operator.) For Operator assistance, see page 6.

Check with the long distance company you use to dial outside your service area to get discount rates.



Long distance calls originating in one rate period and continuing into another will be recorded and billed at the rates applicable to both periods.

### You will not be charged:

If you reach a wrong number. (Dial Operator and give the number you attempted to reach.) You'll be credited for the call.

# Area Codes

(If you want the area code for a place not listed, dial "**0**" for operator.)

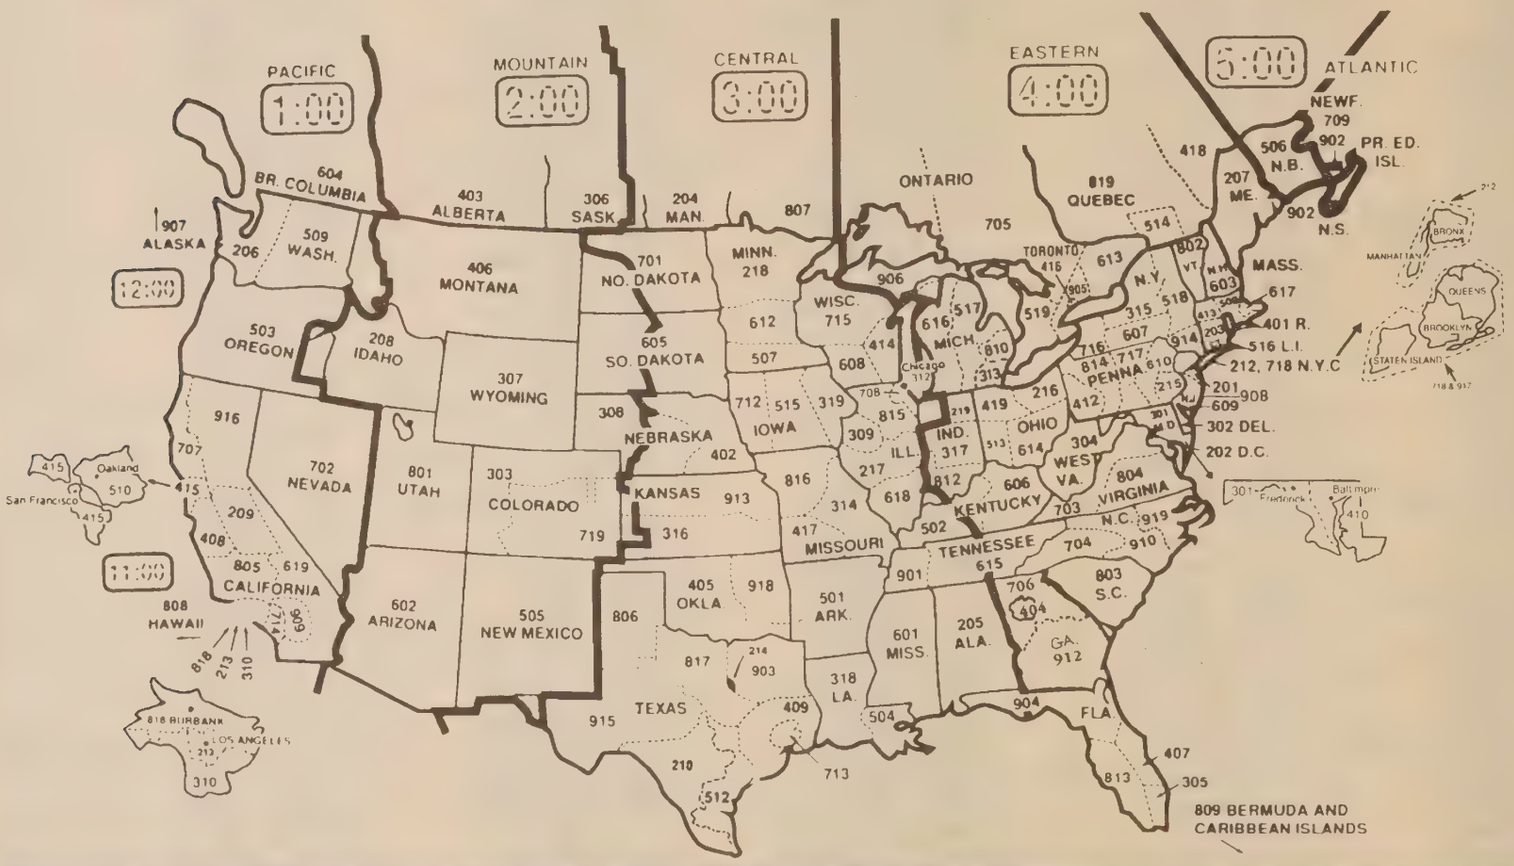
# Area Codes & Time Zone Map

**area codes speed your long distance calls**

The U.S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 704 (see map). The area code of the telephone you are calling should be dialed or given to the operator. (When placing call with operator, say, for example, "I want area code 311-555-2368.") When you give someone your telephone number, include your area code if he needs it to return your call. A list of selected area codes is on pages 8 & 9. If you want the Area Code for a place not listed, dial the Directory Assistance Operator.



# Information For International Calling

## STANDARD TIME IN THE LARGEST CITIES OF THE WORLD WHEN IT IS 12:00 NOON E.S.T. WASHINGTON, D.C.

| | | | | | |
|---|---|---|---|---|---|
| Amsterdam | 6:00 P.M. | Hong Kong (next day) | 1:00 A.M. | Paris | 6:00 P.M. |

| Helsinki | 7:00 P.M. | Panama | 12:00 noon | | |

Transylvania Co., N.C.

# International Calling

## International Calling

## To Place International Calls Direct:

**Dial 011 + Country Code + City Code + Telephone Number**

After dialing the entire number, allow at least 45 seconds for the ring to start.

Also, because "0" (operator) is the first digit of the International Access Code (011), please remember to dial the second digit (1) within three seconds, or you will reach the local operator.

## To Place Operator Assisted, Person-To-Person, Collect, Third-Number Billed, and Calling Card Calls:

**Dial 01 + Country Code + City Code + Telephone Number**

Before your call is completed, the operator will come on the line to ask for the information needed for the type of operator assisted call you are placing.

Dial "00" Operator if you need assistance:

- To obtain a telephone number you don't know.
- To obtain City Routing codes.
- For help in completing a call.
- For credit on a call with which you had difficulty.

Calling Cards may be used to make calls to foreign countries and from foreign countries back to the United States. Cards cannot be used for calls between foreign countries.

## Country And City Codes

Dial "00" for Country/City Codes not listed.

*City Codes not required.

Transylvania Co., N.C.

# How To Dial Directory Assistance

When a phone number is new or you can't find it in your telephone directory, Directory Assistance can help you.

For **local** numbers or area codes, dial 411.
**Charge:** First 5 calls no charge. Each call thereafter 20¢.

For **long distance** numbers within your Calling Zone dial 1+Area Code+555-1212.
**Charge:** Each call 50¢ .

For **long distance** numbers **outside** your Calling Zone dial 1+Area Code+555-1212.
**Charge:** Charges apply–rates vary. Consult your long distance supplier for details.

For **"800 Service,"** dial 1+800+555+1212.
**Charge:** No charge.

**Directory Assistance charges within your Calling Zone**

You can make 5 calls to Directory Assistance (411 only) per month per line without charge. We do not charge for calls made by blind and physically disabled customers. Blind and physically disabled customers may obtain an exemption form by calling 704/884-9011.

Directory Assistance charges from other long distance companies may be different. Consult your long distance company for details.

*Requests for Directory Assistance in excess of the monthly allowance for free requests will be charged.

Directory Assistance charges are not applicable on calls placed from coin telephones.

The free call allowance varies for multi-line business customers.

## Tips To Help You Save On Charges To Directory Assistance

1. When a phone book is available, please try to look up the number you need before you dial directory assistance.
2. Underline the listing in the directory: it will make the number easier to spot next time you need it.
3. Write down the numbers you call frequently–either in the directory or on a bulletin board near the phone.
4. The Yellow Pages listings of restaurants, theaters, department stores, government agencies, and other frequently used services can help you locate numbers when you are unsure of the name, location or spelling of a specific service or business establishment.
5. When it is necessary to call Directory Assistance, providing complete information–exact location, accurate spelling and full names–helps the operator to provide you with the desired telephone number.
6. If you make frequent long distance calls to another area, you may obtain a directory for that area by contacting the Business Office. Additional copies of your local book are also available through the Business Office. (A charge may apply.)
7. If you need two numbers, request them both at the same time, and save a second call to Directory Assistance.

# Directory Information

## Telephone Directories

Telephone directories are provided to customers to facilitate the use of telephone service. One directory per access line is provided free of charge. Additional directories may be obtained at your business office. Out-of-town directories may also be ordered, at a reasonable charge, through the business office. Take your telephone directory with you when you move to save time when calling friends or business associates. Use your directory to avoid paying Directory Assistance Charges.

## Listings

A new directory is published each year. Listings contained in this issue were in effect at the time the directory was closed for printing.

Every customer may be listed once in the alphabetical section of the directory without charge. Additional listings may be arranged for at an additional charge according to the type of listing required.

Two people with the same last name, address and phone number can both be listed in the directory on one line at no additional charge when service is first established. Your listing does not have to include your address. If you want to change or add listings after service has been established, there is usually a charge.

## Listings (Cont'd)

If you don't want your name published in the book, or given out by directory assistance, then you may arrange for this service by contacting the business office. There is a monthly charge. Once you have an unlisted number, be very careful how you give it out. You can help protect your number by giving it out only when absolutely necessary.

## Errors

Every effort is made to make the directory as accurate as possible. Should an error occur in your listings, please notify your business office so the listing can be promptly corrected in the directory assistance files, and in future directories. Citizens Telephone Company does not assume liability for errors or omissions which occur in either the white or yellow pages of the directory.

For errors or omissions in advertisements in the classified section or of the directory, allowances are provided based upon pro rata abatement of the charge in such degree as the error or omission affected the advertisement.

## Finding A Directory Listing

When looking for an individual's listing, those that use an initial and last name will appear before a listing where the first name is spelled out, i.e. Jones, B, before Jones, Bob.

Names consisting of all capital letters such as radio or television stations can be found at the beginning of the section for their initial letter.

Listings that start with a number will be alphabetized as if the number were spelled out. For example, to find the 84 Lumber Co., look under "Eighty-four Lumber Co."

## Yellow Page Advertising

Looking for more business? Advertise in the Yellow Pages. For your advertising needs, contact the Berry Company at 1 + 800-578-2533

# Service & Billing

## Applying For New Service Or Moving Service

Information needed for your order:

1. Complete street address (apartment number if applicable), or other location information, such as name of former occupant if applicable.
2. The type of telephone service you want.
3. How you would like your directory listing to appear.
4. Information about previous telephone service.
5. Other credit information, including employment.
6. Any additional services you may require, such as Tone Dial, Optional services, custom calling services, etc.

See Page 2 for Business Office telephone numbers.

## Installation Rates

Installation rates will vary with the needs of your service. There are many steps involved in installing your phone service, but not every customer needs each step. The amount of work needed to install phone service for you will depend on the type of facilities and service you want.

## Deposit Policy

Customers may be asked to pay a deposit to establish telephone service. The amount of your deposit is determined when you apply for service.

## You Will Be Billed For Changes In Your Service

Any requested changes, except termination of service, and disconnection of certain options, require a service charge. The amount you are charged depends on the type of change requested. Consult your service representative for different services.

## Your Telephone Bill

### How You Are Billed

Charges for local service and equipment are billed one month in advance. Long distance calls and repair charges are billed after they have been made.

### How, When, & Where To Pay Your Bill

Your payment due date is at the top of your bill. Your payment is considered past due if not paid by that date.

You can mail your payment or pay your bill at your local business office. You can save time if you use your payment portion of your bill when paying in person. There is a charge for each returned check.

### Error On Your Bill

If you have a question on your bill, call your local service representative. Explain the possible error to the representative who will assist you.

### Paying The Bill On Time, So Your Service Will Not Be Disconnected

If payments are not received by the due dates, or you do not meet your mutually agreed upon payment arrangements, one or more of the following may result:

- A security deposit may be required.
- An additional security deposit may be required.
- Service may be disconnected.

When mailing your payment, allow five days for receipt and processing.

### How To Get Your Service Restored

All past charges must be paid before your service can be reconnected, and you will be charged a restoral fee. You may be asked to pay a deposit.

**MAINTENANCE AND REPAIR**
The Telephone Company is responsible for the maintenance of call switching equipment and the cable and wires between the central call switching office and customers premises.

The Telephone Company is also responsible for the maintenance of telephone apparatus or equipment for which a maintenance contract is in effect.

Note: An optional $1.00 per month per line inside wiring maintenance fee is available for customers. This fee covers the maintenance and repair of inside wiring and jacks that we have installed or approve according to our specifications. If you choose not to pay the maintenance fee, we will make the repairs if you request, however, we will charge you for our time and material. You may choose to have an outside contractor make such repairs.

Telephone equipment not covered by company warranty or maintenance contract is the responsibility of the customer. To determine if the service problem is in your telephone set:

a. If you have only one phone, contact your supplier for instructions.
b. If you have more than one phone, disconnect the non-working set and plug another phone in that outlet. If the second phone works, the first phone is probably defective.
c. Although we do not repair any customer-owned telephones, we will test them for you at no charge at our Service Center on Railroad Avenue, open 9:00 a.m. to 5:00 p.m. Monday through Friday (closed holidays).

**YOU WILL BE CHARGED**
**If you report a service problem which requires a visit by a service technician to your home or business and the source of the problem is traced to equipment which is not the company's responsibility, there will be a charge for the visit to your premises and we cannot repair the customer-owned equipment.**

## Recognizing Citizens Telephone Company Employees

For your protection, every Citizens Telephone Company employee carries an identification badge with a picture and the employee's name and identification number.

## Rates & Policies

Copies of our rules and regulations and schedules of rates are available at our business office and are open to public inspection. Rates and policies included in this directory are based upon those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

## Number Changes

The Telephone Company reserves the right to and may, at its discretion, change the customer's telephone number.

## Handling Unwanted Phone Calls

If you do not want to talk to a person selling a product or service by telephone, just say "no thank you," and hang up.

If you're bothered by harassing or anonymous phone calls, try these techniques to discourage them.

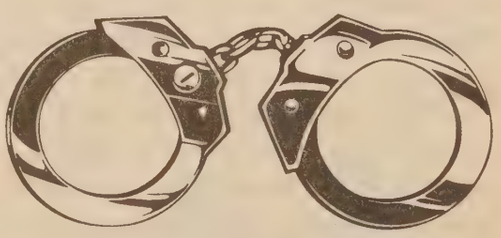
Always hang up immediately at the first obscene word or if the person on the other end of the line doesn't respond after you've said "hello" twice.

Don't talk to the caller. This is what he or she wants you to do.

Don't give out any information or let the caller know if you're alone. Teach your children to say, "Mom or Dad can't come to the phone. May I take a message?"

If the problem occurs continuously over an extended period, you should report it to your local law enforcement agency. Keep a record of the days and times of the calls, and note the caller's sex, voice, accent and comments. This information could assist the police.

It is a crime to make harassing, obscene or anonymous phone calls under both federal and state laws.



## Prosecuting Fraudulent Callers

It is unlawful to use calling card numbers to fraudulently obtain goods or services or to charge a call to another person's telephone without his consent.

People using unauthorized calling cards of phone numbers to avoid charges are subject to prosecution and may be imprisoned, fined, or both.

## Liability Of Utility

Citizens Telephone Company has tariff rules dealing with errors and omissions relating to telephone service. For complete information on the tariff provisions, please contact our business office. Thereafter, if you wish further information, you may call the North Carolina Public Utilities Commission in Raleigh.

Telephone utility credit allowance and limitation of liability tariff rules is related, in part, to the telephone company's responsibility for errors or interruptions to amounts not to exceed the pro rata charges for services rendered.

### INTERRUPTION OF SERVICE

When the use of service or facilities furnished by the Company is interrupted due to any cause other than the negligence or willful act of the subscriber or the failure of the facilities provided by the subscriber, a pro rata adjustment of the fixed monthly charges involved will be allowed, upon request of the subscriber, for the service and facilities rendered useless and inoperative by reason of the interruption during the time said interruption continues in excess of twenty-four hours from the time it is reported to or detected by the Company, except as otherwise specified in this tariff. For the purpose of administering this regulation, every month is considered to have thirty days.

### RESPONSIBILITIES FOR MESSAGES

Subscribers are responsible for all charges for messages originating from or reversed to their telephones.

## Annoyance And Anonymous Calls

State Law provides that "Any person who, without intent to converse but with intent to annoy any other person, causes any telephone not of his own to ring shall be guilty of a misdemeanor. Any person who permits or condones the use of any telephone under his control for such purposes also shall be guilty of a misdemeanor."

The laws of the State also provide that "if any person shall curse or abuse anyone, or use vulgar, profane, threatening or indecent language over any telephone in this State, he shall be guilty of a misdemeanor."

### USE OF RESIDENCE TELEPHONES FOR BUSINESS PURPOSES

Residence Telephones are installed with the understanding that they will be used for normal social or domestic purposes.

A Residence Telephone will be changed to business service, if used primarily or substantially for business purposes, or if the residence telephone number is advertised in connection with the sale of products or services, and the subscriber has no business service elsewhere within our system.

## Recording Of Two-Way Telephone Conversations

As a general rule, telephone conversations may only be recorded if either (1) all parties to the telephone conversation have given their prior consent to the recording of the conversation, and the prior consent has either been obtained in writing or is made a part of, and obtained at the start of the recording, or (2) a distinctive recorder tone that is repeated at intervals of approximately fifteen seconds is utilized when recording equipment is in use. If you hear a recorder tone during any telephone conversation and you do not wish to have the conversation recorded, insist that the recording be stopped or simply hang up.

## STATEMENT OF NONDISCRIMINATION

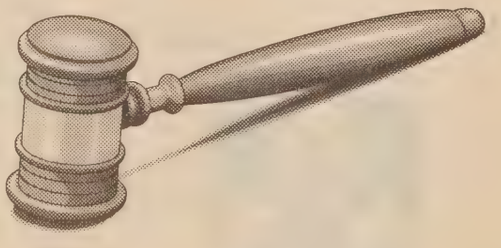
Citizens Telephone Company is the recipient of Federal financial assistance from the Rural Electrification Administration, an agency of the U.S. Department of Agriculture, and is subject to the provisions of Title VI of the Civil Rights Act of 1964, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Age Discrimination Act of 1975, as amended, and the rules and regulations of the U.S. Department of Agriculture which provide that no person in the United States on the basis of race, color, national origin, age, or handicap shall be excluded from participation in, admission or access to, denied the benefits of, or otherwise be subjected to discrimination under any of this organization's programs or activities. The person responsible for coordinating this organization's nondiscrimination compliance efforts can be reached at 704/884-9011. Any individual, or specific class of individuals, who feels that this organization has subjected them to discrimination may obtain further information about the statutes and regulations listed above from and/or file a written complaint with this organization; or the Secretary, U.S. Department of Agriculture, Washington, D.C. 20250; or the Administrator, Rural Electrification Administration, Washington, D.C. 20250. Complaints must be filed within 180 days after the alleged discrimination. Confidentiality will be maintained to the extent possible.

## Unresolved Service Problems

If you are dissatisfied with any aspect of our service, you have the right to file a complaint with the North Carolina Public Utilities Commission.

The North Carolina Utilities Commission regulates Citizens Telephone Company and other utilities and has a consumer protection bureau with offices at:

430 N. Salisbury Street
P.O. Box 29510
Raleigh, NC 27626-0510
919-733-9277



# Custom Calling

| Feature | Description | How To Operate |
|---|---|---|
| **Call Forwarding** | Lets you transfer your incoming calls to any telephone you can dial directly.<br>Note:<br>1. When your calls are being forwarded your telephone will ring briefly each time your number is dialed. You cannot answer the calls, but the ring is a reminder that Call Forwarding is still in effect.<br>2. While calls are being forwarded, you can still make outgoing calls.<br>3. If you forward your calls to any number outside your local calling area, you will be charged for any calls forwarded from your number to the distant number. | 1. Rotary: Dial 72, wait approximately 5 seconds for dial tone.<br>Touch-Tone: Dial 72, then # key, listen for dial tone.<br>2. Dial number that will be accepting your calls.<br>3. Listen for two short tones.<br>4. When called party answers, Call Forwarding is in effect.<br>5. If line is busy or no one answers, hang up and then repeat steps 1, 2, and 3. On second attempt, no answer is required.<br>6. Rotary: To cancel Call Forwarding, dial 73, and wait for two beeps and dial tone, then hang up.<br>Tone Dial: To cancel Call Forwarding, dial 73, then # symbol. Wait for two beeps and dial tone, then hang up. |
| **Call Waiting** | Lets you know someone else is calling when you're using the telephone | 1. If you hear beep and want to end first call, hang up. Your telephone will immediately ring with second call.<br>2. To answer second call, press and release receiver button quickly. First call will be put on "hold," and you will be connected to second call.<br>3. To return to first call, press and release receiver button again. You can switch back and forth between two calls as often as you want. |
| **Speed Calling** | Lets you call frequently called numbers by dialing only one or two digits. Available in either 8 or 30 number capacities. Numbers can be either local or long distance.<br><br>Note: You must keep a list of your Speed Calling numbers. | To enter or change Speed Calling number:<br>1. For Speed Calling 8: Select a one-digit code (2 through 9).<br>For Speed Calling 30: Select a two-digit code (20 through 49).<br>2. For Speed Calling 8: Dial 74; listen for dial tone.<br>For Speed Calling 30: Dial 75; listen for dial tone.<br>3. Dial code you have selected and complete telephone number it will represent (example: 2 + 1-800-555-1212). Two beeps will confirm your entry.<br>4. To call numbers selected for Speed Calling, simply dial one-or two-digit code (if you have Tone Dial, add # symbol when you dial code.) |
| **Three-Way Calling** | Lets you add a third party to your existing conversation. Can be used whether you have received or placed the first call. Notes:<br>1. If the original party hangs up, you can add another third party by repeating steps 1, 2, and 3 in the next column.<br>2. To disconnect the third party, press the receiver button twice. You may then add a different third party.<br>3. All parties are disconnected when you hang up. | 1. Press and release receiver button to put your first call on "hold." You will hear three beeps, then dial tone.<br>2. Dial third person's number. You can talk before adding original caller.<br>3. To begin Three-Way Calling, press and release receiver button. All three parties will be on line. |

Note: Combinations of these features are also available. For details, contact your Business Office on page 2.

## VACATION RATE

If you plan to take an extended vacation, please call our business office and determine if it would be to your advantage to have your service suspended at a reduced rate. There is a charge to reconnect from vacation status to full service.

## LINK UP CAROLINA

Through Link Up Carolina, Citizens Telephone Company offers reduced service connection charges for low income individuals who qualify for Federal and/or State aid. Call the Business Office for details.

# Services For Disabled Customers

## Telephone Services for all Disabled Customers

TDDs (telecommunications devices for the deaf) are typewriter-like machines that permit hearing or speech-impaired persons to communicate by typing messages back and forth over telephone lines.

## Operator Services

**Operator Services Exemptions**
If a physical disability prevents you from dialing local or Regional telephone calls yourself, we don't want you to pay the added costs of having an Operator place calls for you. Contact your Service Representative for more information on Citizens Telephone Company exemptions from the usual charges for Operator-assisted calls.

## Operator Assistance for TDD Customers

Operator Assistance is available for placing the following TDD calls:

- Local
- Long Distance:
  - –Collect
  - –Calling Card
  - –Third number
- Directory Assistance

You can reach TDD Operator services any time by dialing the toll-free number:

**TDD* Only** **1 800 855-1155**

## Directory Services

**Directory listings for TDD-users**
A TDD-user can have a listing in the telephone book to indicate a TDD*, and can have the telephone number appear in one of two ways.

Examples:

| | | |
|---|---|---|
| Smith, J J<br>TDD Only | 123 Allen St. | 555-8888 |
| ABC Company<br>TDD & Voice | 123 Allen St. | 555-9999 |

## *NOTE:

Numbers that are preceded by "TDD" are associated with telecommunications devices for the deaf. Unless you have similar equipment, you may not be able to complete your call.

**Directory Assistance Charges Exemption**
If an impairment makes it impossible for you to look up numbers in the telephone book, call your Service Representative regarding the necessary form to exempt you from local Directory Assistance charges.

**For information regarding changes in your telephone service or billing:**

**Call Your Service Representative**
Hours: 9:00 a.m.-5:00 p.m.
Monday-Friday 884-9011

## Dual Party Relay Service

The North Carolina Relay Center is in operation seven days a week, 24 hours a day. The Center provides relay service for telephone calls, personal or business, to or from speech or hearing-impaired telephone customers. To use the center, call 1 800-RELAY-NC (1 800 735-8262) for Voice or 1 800 735-2962 for TTs. A communications assistant will answer. Hearing-or speech-impaired customers type on their TTs the name and number of the person to be called. Hearing customers tell the communications assistant the name and number of the hearing-or speech-impaired person they wish to call. The specially trained communications assistant will then relay the call–word for word–and in strictest confidence. Local calls are relayed free of charge, and long distance calls will be billed at the regular rate (minus a discount). There are no extra charges for using the center. The North Carolina Relay Center is a cooperative effort of the North Carolina Utilities Commission, U S Sprint, and the local telephone companies, including Southern Bell. A fee of $.11 per telephone line is collected in order to fund the operation of the Relay Center.

## Attachments To Telephone Equipment

Attachments connected to Citizens Telephone Company lines must be in compliance with company tariffs and Federal Communications Commission regulations.

## Telephone Safety

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

## Use Of The Telephone Near Water

The telephone should not be used while you are in the bathtub, shower or pool. Immersion of the telephone or handset in water could cause electrical shock.

## Use Of The Telephone During An Electrical Storm

You should avoid using a telephone during an electrical storm in your immediate area; calls of an urgent nature should be brief. There is a remote risk of dangerous electrical shock from lightning when using the telephone during a nearby electrical storm.

## Use Of The Telephone To Report A Gas Leak

If you think you have found a gas leak, you should not use a telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial. While unlikely, it may be possible for this spark to trigger an explosion if the gas concentration is high enough.

## Use Of A Vandalized Coin Telephone

Do not use a coin telephone that has been vandalized. The handset could have exposed wires that could cause an electrical shock. If possible, contact telephone repair service to report the damaged instrument.

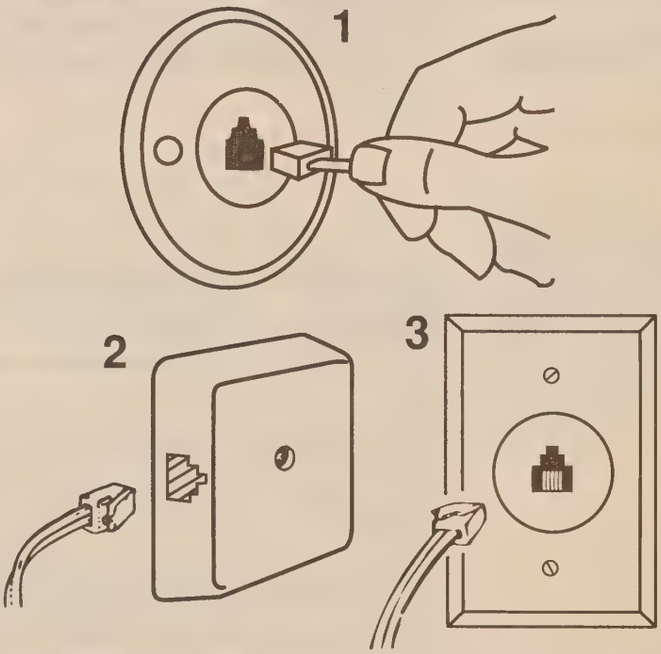
# Equipment Information

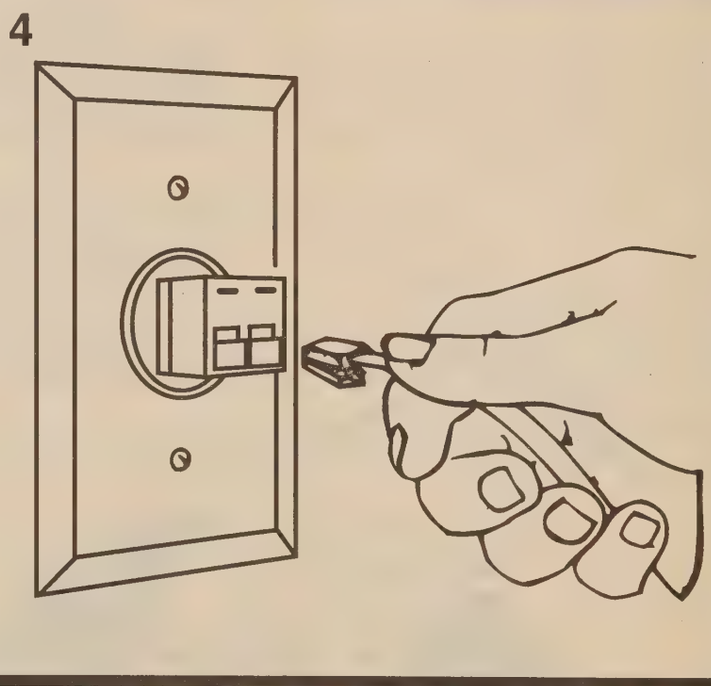
The illustrations below should be helpful to you when installing or disconnecting your telephones.

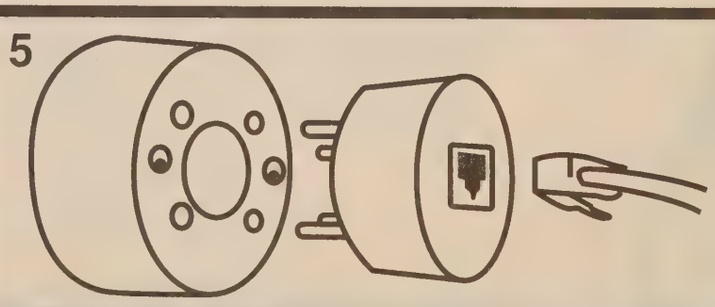
Illustrations **one** through **four** show wall receptacles (standard jacks) which can accommodate modular telephone cords. To install your phone, match the plug at the end of the telephone cord with the receptacle and insert. To disconnect the phone, squeeze the clip on the plug and pull out of the receptacle. Illustrations **five** and **six** show receptacles (non-standard jacks) which can be made to accommodate modular telephone cords by the use of adapters.

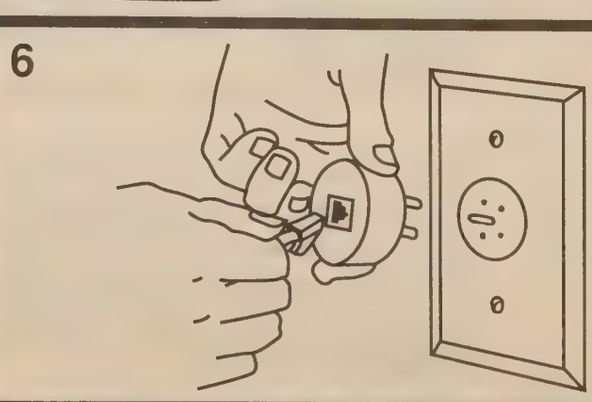
The adapters simply plug into the receptacle. With the adapter in place, follow the above steps to install your phone.

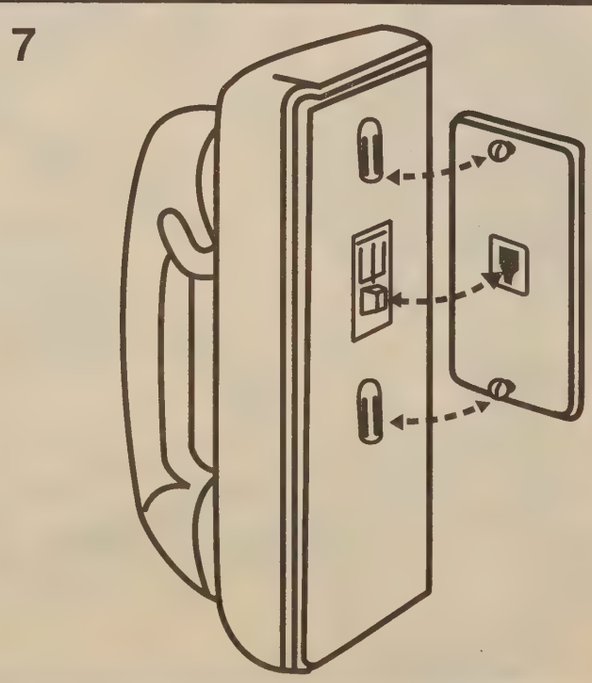
A receptacle for a wall mounted telephone is shown in illustration **seven**. To connect your wall phone, match the holes in the back of the telephone with the rivets on the wall mounting, push the telephone lightly against the mounting while sliding it down into place over the rivets. To disconnect, slide the telephone up to lift it off the rivets, then pull the phone away from the receptacle.











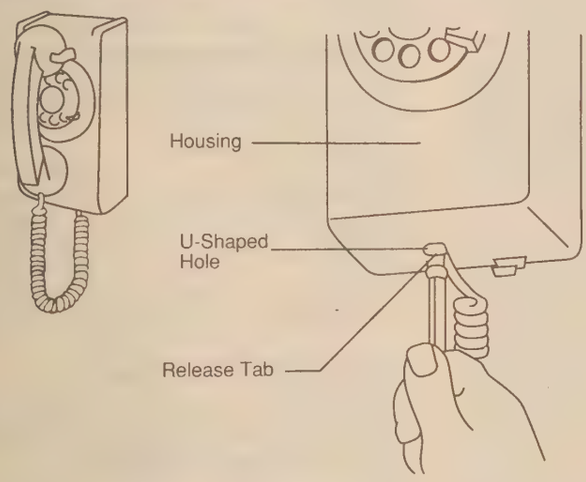
# Equipment Information

These instructions are for non-modular wall telephones only. If your wall telephone is modular, please see the preceding page.

Prevent incoming calls by lifting the handset off the hook. You can do this at the wall phone you are removing or at any other phone connected to the same number. Ignore any tones you hear through the handset. You will need a screwdriver and a pair of insulated wirecutters. Follow steps 1-5 below for the type of wall telephone you have. Then follow steps 6-8 for all types of wall phones.

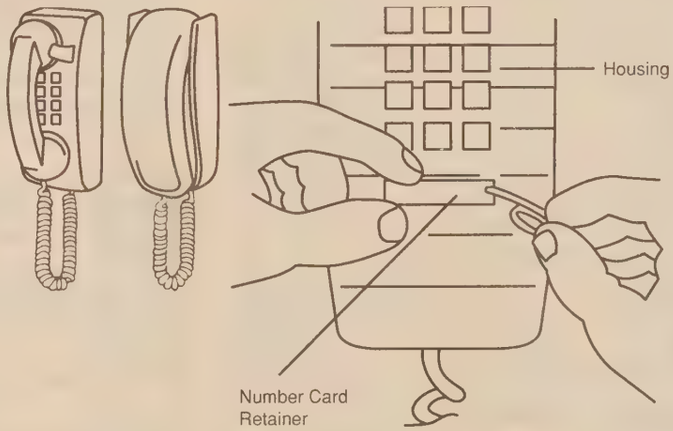
Do not attempt to remove your wall telephone during severe weather conditions, such as thunderstorms.

## Steps 1 Through 5 For Traditional Wall Telephones (Rotary Dial)



1. **Be sure handset is off the hook.**
2. Find the U-shaped hole in the bottom of the wall telephone, where the handset cord enters the wall set.
3. Place a small blunt object, such as a pencil eraser, against the release tab in the U-shaped hole.
4. Press in on the bottom of the housing while pressing up with the eraser on the release tab, and release the housing.
5. Pull the housing toward you, unhook the latch from the spring at the top of the wall set, and remove the housing.

## Steps 1 Through 5 For Other Wall Telephones (e.g. Push Button Sets)



1. **Be sure handset is off the hook.**
2. Find the small hole on the side of the clear plastic number retainer card.
3. Insert a small pointed object, such as a straightened paper clip, and gently bend outward until the plastic retainer pops out.
4. Remove the paper number card to expose the two screws underneath.
5. Remove these two screws and lift the housing off the base.

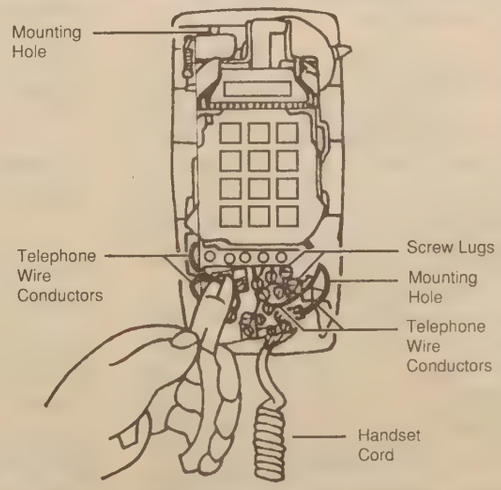
## Steps 6 Through 8 For All Wall Telephones

6. Find the telephone wires entering the phone. (If you have to remove the base of the phone from the wall to do this, remove the mounting screws that hold the telephone set to the wall.)
7. Using the insulated wirecutters, cut the four colored conductors (red, green, yellow and black) that come from the wires just above the screw lugs.

If your telephone has six conductors, use the wirecutters to cut them, too. These wires are also color-coded;

| | |
|---|---|
| blue with white band | white with orange band |
| white with blue band | green with white band |
| orange with white band | white with green band |

8. Remove the mounting screws holding the phone in place, and remove the wall telephone.



# Community Service Numbers

The listings below have been compiled by the Volunteer Referral Service and are published for the benefit and convenience of our subscribers. All organizations are non-profit or government agencies offering health or social services to the public. The Telephone Company assumes no responsibility for errors or omissions in these listed organizations. Errors in the listings shown or omissions of any service organization should be reported to the Volunteer Referral Service, Old Recreation Department Building, 299 Broad Street, Brevard, NC 28712, 884-3219.

# Classified Telephone Directory

The Classified Telephone Directory is published for the benefit and convenience of our subscribers. Each business subscriber is given one listing under one general classification without cost. Additional listings under other classifications may be obtained for a nominal charge by making written application, therefore, to the Company in advance.

The Telephone Company and the publishers of this directory assume no responsibility or liability for errors or omissions occurring in the Classified Telephone Directory. Errors or omissions will be corrected in the next issue, if reported by letter to the Company.

All subscribers (both residence and business) are listed alphabetically on the preceding white pages. The following pages (yellow) list only those who pay a business rate.

Corrected Through October 8, 1993

For Information Concerning This Section, Telephone the Business Office

**Want your advertising to get action? Here's how:**

People who read the Yellow Pages — Action-People — are ready to buy. Want proof? A recent national study found that 89 out of every 100 references to the Yellow Pages were followed up with some kind of action . . . a visit, a call, or a letter.

Do you want that kind of action? Advertise in the Yellow Pages. It pays.

**BREVARD CHIROPRACTIC CENTER**

READ THIS BEFORE CALLING ANY OTHER CHIROPRACTOR:

**Discover the reasons behind your pain**

Your pain is very real — and it can be corrected. Our expert, unhurried care has helped others with:

- **back, hip, leg and knee pain**
- **headache; neck and shoulder pain**
- **slipped discs, sciatica and bursitis**
- **auto and work injuries**
- **whiplash**
- **pinched nerves and muscle spasms**

*Brevard Chiropractic Center*
Dr. Frank Trozzo

**884-2990**

If you've been told "it's all in your head" you'll enjoy our supportive care. Call today and start enjoying a pain-free life.
*Emergencies are always seen immediately.*

**Want your advertising to get action? Here's how:**

People who read the Yellow Pages — Action-People — are ready to buy. Want proof? A recent national study found that 89 out of every 100 references to the Yellow Pages were followed up with some kind of action . . . a visit, a call, or a letter.

Do you want that kind of action? Advertise in the Yellow Pages. It pays.
